

STUDENT DRIVER AGREEMENT AND CONSENT FORM

St John's Lutheran School encourages safety on the roads and promotes safe and responsible driving and parking practices. Students who hold a valid Queensland driver licence and intend to drive to school either regularly or occasionally must comply with the **Student Driver Policy** (conditions below, full policy available from the school office) and have a completed **Student Driver Agreement and Consent Form** (this form).

Student drivers must comply with the following conditions:

- i. Student drivers must abide by all road rules and drive in a safe and responsible manner at all times
- ii. Students may **NOT park their vehicles on school grounds or in the designated school car parks**. They are to park their vehicle safely and legally on the streets surrounding the school. When parking, students are to respect our neighbours and other community members, ensuring they do not park across driveways or block access to properties
- iii. Student drivers and passengers must not linger in the area where their vehicles are parked before, during or after school. All students must enter the school grounds using the school safety crossing area
- iv. Student vehicles are only to be accessed for transport to and from the school **at the beginning and end of the school day**. If a student requires access to their vehicle during the school day, they must **seek permission from the Principal or delegate**
- v. Students are **not** to leave school grounds in a vehicle during the school day unless they have permission from a parent/ guardian **and** the Principal or delegate and have signed out of the office before departing. Students must then sign back in on time at the office
- vi. A student driver must **not transport other students unless prior approval has been gained** from the Principal, their own parent/carer and the parent/carer of the student/s to be transported
- vii. Student drivers are not permitted to transport themselves or other students to **excursions/activities/other events held offsite**, except with the express permission of the Principal and the parents/guardians. This will only be granted in exceptional circumstances
- viii. Students must advise the school administration office of any changes to their driver licence status or vehicle details (e.g. make, model and registration)
- ix. Students who drive irresponsibly or fail to comply with the **Student Driver Policy** shall face disciplinary action being taken by the school, as well as reported to the Queensland Police, if necessary.
